	__AM __Noon __PM __Other	
	__AM __Noon __PM __Other	

Permissions

If your pet is having an examination while boarding and needs treatment, care, and related medications; would you like Lantana Animal Hospital to start treatment or call the owner giving information of the estimate and care needed?

- Yes, I would like for the Lantana Animal Hospital team to proceed with any treatment under their care.
- No, I would like to be informed first with estimates and treatment care before going further.

I understand and agree to the following:

- Please note that Lantana Animal Hospital is not a 24hr/ 7 day a week boarding facility. Your pet will be left unattended while our clinic is closed with the exception of holidays and weekends. We do provide special am/pm kennel care during weekends and holidays.
- All animals entering Lantana Animal Hospital for boarding **MUST** be current on vaccinations (Canines: Bordetella, Dapp, Influenza & Rabies / Felines: FVRCP & Rabies) and have a negative intestinal parasite screen for all canines due to the shared yard (felines are exempt, as there is no feline shares space). Pets who are boarding but are not patients here **MUST** provide a copy of current vaccinations, with a negative intestinal parasite screen for canines. All pets boarding with Lantana Animal Hospital **MUST** be free of fleas and ticks upon entry. If fleas and/or ticks are present upon entry into our hospital, the pet will be treated at owners' expense. If the pet is not vaccinated appropriately, or does not have a negative intestinal parasite screen (if required), the pet will be vaccinated and tested at the owners' expense.
- If a life threatening emergency arises while my pet is boarding, I authorize Lantana Animal Hospital to provide emergency medical care in an attempt to save the life of my pet. The Lantana Animal Hospital Team will make every effort to reach you and the individual list as an emergency contact. Payment will be required when pets are released.
- If a non-life threatening injury or illness arises while boarding, I authorize Lantana Animal Hospital to provide medical care for the injury or illness. The Lantana Animal Hospital Team will make every effort to reach you and the individual listed as an emergency contact. Payment will be required when pets are released.
- If sedation is necessary for treatment or handling of my pet, I give permission to Lantana Animal Hospital to administer such medication.
- Pets are released **ONLY** during regular business hours.
- Lantana Animal Hospital is **NOT** responsible for lost or damaged items left with your pet (including bedding & toys).
